

snack&food

Tango

Necta's passion for smart vending solutions has led to the development of TANGO, the Snack and Food vendor, which will charm you with its flexible allure. Tango has the capacity to offer a wide variety of products such as snacks, confectionery, cans or bottles - or a combination of all four. Simple design and excellent performance combine in a machine that delivers great value for money and enhances any environment from medium to large locations. With the new ETL system (Electronic Tray Labels) there are additional benefits in functionality, in communication and in the ease and speed with which customers - and operators - can interact with the machine.

- Simple and elegant design in line with Necta's Opera and Jazz
- Large product window with optimal visibility of the offered items
- Rolling price display for simplified price change operations as standard OR upgrade to a machine with the new ETL system (Electronic Tray Labels)
- Cabinet illuminated by LED lighting
- Large graphical display
- Capacitive LED back lit keypad
- Pull out delivery bin

- Stratified temperature inside the cabinet 8° - 14°
- Front to front air circulation
- Slide in/ slide out removal of the cooling unit
